Application for Commercial Filming / Photography

Affirmation:

I have read and understand the National Radio Astronomy Observatory's production requirements, rules, and fees, as described in the document "Commercial Photography and Filming at the Very Large Array," a signed copy of which accompanies this application. I affirm that the filming or photography I am proposing can abide by all NRAO guidelines contained in the aforementioned document. On behalf of the production company, I agree to the Hold Harmless and Liability provisions of the aforementioned document. I certify that I am authorized to act on behalf of and to bind the production company to these conditions.
